

Congo River Adventure Golf

Hoffman Estates, Illinois

This project was initiated by the client to add an additional 18 holes of miniature golf to the existing course. The client also expressed a desire to make the additional golf holes handicapped accessible. BDS Design Group was asked to work with the client to design the new putting greens and to add additional landscaping to blend into the existing course.

The design stages performed were:

- Field analysis and location of existing plants.
- Provide existing Plant Material Plan.
- Design a Proposed Landscaping Plan.
